POINTS  
eRobertParker.com  
JUNE 2017

..A tonic and lively white wine with zesty aromas of lime, white peach, wild sage and crushed oyster shell. A portion of the must is cold soaked before fermentation to increase this specific taste and aromatic profile. This is one of those refreshing white wines that quenches your thirst and refreshes the palate. There is a touch of natural saltiness on the finish and even a mild touch of white pepper. – M.L.
