MAY 2020

...A mix of crushed tart cherries, blackberry, and plums, offset by savory herbs, orange rind, and a hint of mocha... Velvety textures coat the senses, slowly giving way to a complex blend of citrus-tinged dark fruits and saline-minerals, as fine tannin saturates the senses. The finish is long and classically structured, clenching the palate, yet leaving a pretty display of spiced orange and inner florals... Many years of evolution in store... – E.G.

OCTOBER 2020

This firm and focused red opens with rich, aromatic and savory notes of tarry mineral and cured tobacco, followed by a pure chime of ripe black cherry, star anise and singed orange peel flavors. Fresh and tightly knit, showing drive on the long, mouthwatering finish. Best from 2022 through 2032. – A.N.

APRIL 2022

This opens with aromas recalling... charred earth with whiffs of pressed rose petal and dried herbs. The enveloping palate offers dried cherry, prune and licorice set against close-grained tannins that leave an assertive, drying finish. Drink after 2022. – K.O.
