## VARIETAL // 100% Pinot Grigio

*Two particular clones of Pinot Grigio were identified by the Institute of Viticulture San Michele all'Adige that produce smaller, sparser bunches and adapt better to the climates and soils in Trentino. Very low yields: 45 hectoliters per hectare. These create an intensified expression of Pinot Grigio with pronounced aromatic and mineral components.*

## STYLE //

*Highly intense pale straw yellow. Intensely fruity aromas on the nose reminiscent of green apple and pear enhanced with mineral and citrus notes. A wine of substantial structure and complexity with a particularly high acidity for the variety and astounding sapidity and minerality. A full-bodied Pinot Grigio.*

## APPELLATION //

### **Trentino DOC**

*The highest possible altitudes (1300 ft asl) vineyards were sought out for this Pinot Grigio. Grapes are hand picked from two particular vineyard sites: Bleggio Superiore, with vines averaging 15 years old, with deep, structured, rocky glacial soils; and Valle di Cavedine where vines average 28 years old, calcareous glacial soils with marble.*
