JAMESSUCKLING.COM 

SEPTEMBER 2015

Fabulous aromas of honeysuckle, lavender, stone and menthol. Full-bodied, lightly off dry, spicy and powerful. Very long and rich. What potential. Fabulous gewurz. It should be available in the market in 2020. - J.S.

OCTOBER 2015

...Round, piquant and very elegant on the palate, this is an intense, complex, lovely mineral and extremely well defined wine with a stimulating vibrancy and a nice tannin grip... a very long and salty Gewurztraminer with mandarin flavors and flowers in the very persistent aftertaste... - S.R.

OCTOBER 2020

Notes of mandarin and rose petal are alluring on the nose, hovering above a peach compote core that also defines the juicy palate. The purity of the peach note is sublime and uplifting, pervaded by freshness. Gentle sweetness makes this wine medium dry and boosts the fruit notes to perfection. Drink by 2050. —A.K.

SEPTEMBER 2016

This elegant Gewürz is dry and finely meshed, with vibrant acidity and a rich streak of minerality framing the flavors of honeydew melon, grapefruit sorbet, green almond and grated ginger. Lightly mouthwatering, featuring a zesty finish. This should open up with decanting or short-term cellaring. Drink now through 2023.—A.N.
