POINTS

MAY 2020

Lifted chamomile notes and hints of heady chamomile tincture hint at some development of this wine. The slender palate shimmers with vivid lemon freshness, notions of conifer and crushed herb, pleasantly bitter notes of pith and an uncompromising notion of hard, wet stone. This wine is extraordinary in its finesse and energy. The finish is bone dry. Drink until 2045. —A.K.

AUGUST 2019

This is a new grand cru from here and shows crushed stones and cooked apples with lemon undertones. Medium-to full-bodied. Flavorful with lots of gun metal and stone to finish. Drink now. — J.S.

SEPTEMBER 2017

Spicy dried fruit and ripe yellow apple aromas and flavors... Creamy in the middle, then turns lemony on the long, savory finish. Very elegant... the combination of warm microclimate... and the late-ripening variety (Riesling) often gives wine lovers something special in many vintages... one of the best Mandelberg wines... maybe the best. — I.D.
