vinous
NOVEMBER 2020

...Nuanced and perfumed from start to finish, boasting silky textures contrasted by tart berries and minerals... tannins that frame the expression perfectly... balanced by bright acids, creating an almost-juicy sensation.... Impresses on nearly every level. – E.G.

APRIL 2021

An earthy, meaty version, sporting black cherry, plum, raw beef, iron and bouillon aromas and flavors. The fruit element intensifies on the palate, playing out on a long finish that is balanced and fresh, showing dusty tannins... –B.S.

NOVEMBER 2020

...A landmark wine... Shows dark fruit and spice... leather or cigar ash at the back. This wine is made with organic fruit. It displays a mid-weight mouthfeel with tight tannins and lively acidity, the kind that will cut through your favorite steak dinner. – M.L.

Underbrush, wild-berry, pipe-tobacco and violet aromas lead the nose. On the full-bodied palate, taut tannins support black cherry, licorice and ground clove. Drink 2024–2031. –K.O.

JULY 2021

A very polished, refined red with berry and flower aromas, as well as hints of citrus and rose petals. Medium to full body, fine tannins and a juicy finish. Lovely polish. From organically grown grapes... already very pretty.– J.S.
