JANUARY 2023

On the nose this has an essence of peach and ripe citrus with a touch of honeysuckle and gardenia. Enormous concentration but it is the gracefulness that bowls you over as it unfurls its long banner across the palate. Extremely long, refined finish with a wonderfully delicate wet stone character... From organically grown grapes... -J.S.

...Opens with a hint of reduction; underneath its earth, tangerine, Mirabelle and wet stone notes meet. The palate holds more fruit and is full of texture. There is ripe Mirabelle and Mirabelle skin, lemon and lemon pith. Despite the cool year, there is something generous here, something smooth. The finish is endless and still slightly smoky. (Bone-dry) -A.K.
