The nose balances the sweetness of homemade whipped cream with the smokiness of toasted almonds and the tartness of lemons and yellow apples. On the palate, honey emphasizes the sweetness in the fruit and nut elements, but the lemons also feature prominently and are underscored by a potent salinity and a strong current of acid. —D.C.

Aromas of grilled lemons and candied pineapple with hints of honeysuckle, caramel and pastry crust. Full and creamy with rich, layered fruit and some salty notes to it... Long finish.... -J.S.
