FEBRUARY 2020

...A brilliant young wine that bursts from the glass with aromas of cherries, wild berries, rich soil tones, licorice, smoked meats and spices. Full-bodied, deep and concentrated... built around rich, powdery tannins and lively acids... This is one of the finest red wines... from this under-the-radar domaine. – W.K.

...Sumptuous red fruit over substantial tannins... nothing to get in the way of the earthy savor of the soil, delivered in scents of laurel and anise. Silken and strong in stature, this wine has just a hint of funk at the edges, like aged beef, with which it would be delicious. – T.T.
