JUNE 2017

Los Vascos is known for its cabernet sauvignon, which accounts for 85 percent of the winery's 1,580 acres. Carménère corresponds to only five percent, which they use for a single wine, this Grande Reserve, with a seductive balance between herbal and red-fruit notes. It feels narrow in structure, with tannins that are pointed and refined, refreshing with grilled pork tenderloin. – P.T.
