SEPTEMBER 2018

Luminous yellow-gold. Saffron, honey, mirabelle, peach, and dried apricot on the captivating nose. Enters rich, dense and concentrated, but lively acidity provides an amazing light-on-its-feet quality while extending the ripe, spicy tropical fruit flavors on the long, silky mouthfeel. Multilayered and deep, this outstanding SGN showcases delightful acid-fruit balance that makes it seem less sweet than it is. - I.D.
