A really good example of warm, ripe fruit from the south of France with good integration of oak, lots of red fruit and chocolate character... Generous and very appealing. Dark cherry notes, a hint of floral characters on the finish. – R.S., B.W., A.H.

...This is the estate's top cuvée... the final blend, ...is as elegant as its ruby-red color predicts... It's focused on finesse, with lean, lithe cherry flavors framed in spice and earth. The tannins have the meaty texture of cherry skins, ripe and flavorful, giving the fruit a succulence that lasts for minutes after each sip. – T.T

Supple layers of raspberry compote, savory spice, hoisin sauce and mineral mark this nicely concentrated red. Tangy acidity holds tight, with garrigue and floral elements on this finish. Syrah, Grenache and Mourvèdre. — G.S
