...The wine is co-fermented without added yeast, the fruit combining in a delicate yet vibrant wine. Its red berry and spice flavors expand in the finish, filling it with freshness. Grown in Caliboro, it's a wine to drink in summer - by the liter. – P.T.

A bright and fruity style with blueberry and sliced lemon character. Medium body, fresh acidity and a clean and focused finish. A light red that wants to be chilled slightly before serving. Drink now. – J.S.
