...A bright golden color with subtle foam and beading that remains persistent and silky hours after the bottle is open. The wine delivers some toasted notes of almond and oven-fresh baguette, but it also shows a generous delivery of stone fruit, apricot and poached apple (with a dusting of cinnamon). The wine is smooth and silky with a full-bodied style that could pair next to a plate of raw seafood and crustaceans. —M.L.

Radiant, polished and utterly delicious, this divine sparkler hits all the right buttons. Made entirely with Pinot Nero, it has delicate but alluring aromas of white stone fruit, wild berry, yellow spring flower and brioche. The dry, creamy palate is chock full of finesse, delivering delicate layers of white peach, pomegranate, apple and bread crust alongside a silky perlage. Bright acidity keeps it balanced. —K.O.
