JUNE 2019

...Shows fruit tea, citrus, bright redcurrants and rose petals. Shows real verve on the palate, thanks to laser-sharp acidity, and while this isn't the most concentrated wine, it makes up for it with its steely tannins and resolve. A beauty. Drink now. – J.S.

Wine Spectator

MARCH 2020

Fresh and balanced, this light-to medium-bodied red displays a delicate overtone of herb and smoky mineral, layered with flavors of ripe raspberry, spice box, violet and orange rind. Light, snappy tannins firm the finish. Drink now through 2025. –A.N.
