

PLANETA

SICILY, ITALY

Planeta's journey began at Sambuca di Sicilia, on the estate owned by the family since the 1600s. Here, three enthusiastic young Sicilians, Alessio, Francesca and Santi Planeta, under the guidance of Diego Planeta, began their winemaking venture in the mid-1980s.

Subsequent years were spent matching the extraordinarily diverse Sicilian soils with both indigenous and international varieties. Planeta today encompasses six distinct wine estates in five regions across Sicily; Ulmo at Sambuca di Sicilia, Dispensa at Menfi, Dorilli at Vittoria, Buonivini at Noto, Sciara Nuova on Etna at Castiglione di Sicilia, and the newest addition, La Baronía at Capo Milazzo. Each vineyard site is carefully cultivated with grapes that best compliment the local terroir.

- Seventeen generations of heritage in Sicily and agriculture.
- Boutique wineries showcase the unique terroirs around the island of Sicily.
- Sicily's climate and exposure to scirocco winds allow for a balance.
- Planeta as a family and an organization is at the forefront of sustainability initiatives within Sicily.
