...A blend of 90% Carricante... 10% Riesling. It is amazing how much range, dimension, depth and overall definition that... Riesling brings to the table... The clarity and precise nature of those linear and almost-salty mineral notes found in Carricante are embellished and reinforced by subtle tones of petrol, ginger and beeswax that come from the Riesling. Together, these grapes make for beautiful and impactful aromatic intensity. - M.L.

Aromas of smoke, citrus, apricot and Mediterranean brush shape the enticing nose. Vibrant and savory, the linear, succulent palate delivers Meyer lemon, saline, crushed stone, yellow apple and grilled herbs alongside tangy acidity that leaves a juicy finish. - K.O.

Intense aromas of sliced lemons, spices and minerals. Full body. Dense palate. Focused and poised. Solid balance and energy. Drink now. - J.S.

A svelte white backed by racy acidity, with a tangy overtone of ruby red grapefruit and tangerine fruit layered with notes of blanched almond, salty mineral and dried white cherry. Lingering, creamy finish. Drink now through 2026. -A.N.

Pale straw yellow. Refined aromas of lime, lemongrass and minerals, plus a gentle white flower quality. Displays a steely, focused character that is rounded out by ripe acidity that nicely fleshes out citrus and green apple flavors. The long finish reveals no excess weight and a subtle anise quality. Impressively pure and energetic, with delightful finishing lift. - I.D.
