This wine offers many exciting assets that distinguish it from its competition. First, that supporting presence of Riesling adds some of those benzine and resin-like aromas to the overall complexity of the bouquet. It is subtle, but the Riesling impact is well integrated within the broader texture of the wine. Second, the bouquet shows fruity tones of exotic fruit and perfumed honeydew melon, but it also offers drying mineral tones of brimstone and crushed seashell. This wine should continue to evolve over the next ten years. –M.L.
