FEBRUARY 2017

Shows lovely integration and accessibility, with the dense midpalate and creamy texture carrying flavors of white peach, crushed pine and beeswax. Petrol-accented minerality echoes on the long, focused finish. —A.N.

Hints at lovely high notes of jasmine, lemon verbena and lichee. Wonderfully stylish and intense in the mouth, closing long and precise, with orange zest, mineral and spice notes. This will evolve gracefully for a long time. — I.D.

Aromas of sliced apple, pear, lime rind and camembert. Full-bodied, dense and layered with so much ripe fruit and power. Then acidity takes off. Wow. — J.S.

Energetic, efficacious citrus and white currant... chalk, salt, crushed stone, and apricot kernel will keep you stimulated and intrigued long after the flavors have faded, and that is already a long time. — D.S.

Scents of seashells out of the spicy radish and rice-like savor of the structure. Focused on a powerful umami force that seems to derive directly from the soil. If you open this now, decant it for lobster with mushrooms and cream. - T.T
